SEEK INJUNCTION TO STOP BUILDING

Eight Richland Township Taxpayers Allege Present School Equipment is Sufficient

OTHER REASONS CITED

Complaint Filed After Bids Were Opened Tuesday Afternoon for $45,000 Grade Building

Coincident with the opening of bids for the proposed new centralized grade school in Richland township, several taxpayers of the township today filed an injunction suit in the circuit court to stop the procedure, alleging that the trustee, Fred Goddard, has not complied with the state law and that a bond issue of $47,000 to erect the building will raise the township debt above two percent of the assessed valuation of the taxable property.

Bids were opened Tuesday afternoon at the office of Megee and Newbold, attorneys for the trustee and township advisory board, and it had been planned to award the contract Thursday afternoon after the architect, Harry Griffin of Connersville, had been given time to determine the lowest bids.

There were twelve bids on the general construction work and twelve on the plumbing, heating and lighting, in addition to twelve alternatives on the general construction which made the determination of the low bidder a difficult task.

Attorneys for the school officials planned to go before the state board of tax commissioners Friday, after the cost of the building had been determined, and ask permission to issue bonds in the sum required. John D. Megee of the firm of Megee and Newbold said today that it was hoped to keep the cost of the building within $45,000.

Together with the trustee, members of the township advisory board Harold Beall, Roscoe Linville and Arthur George, are made defendants to the injunction suit, which was filed by Leonidas W. Keisling, William T. Moore, Ollie J. Cook, William Fisher, Robert S. Davis, Willard D. Root, Frank Humphrey and Otis Freeman.

Arrangements have already been made, it is said, to locate the new school building on the Vern Lewis farm at Neff's Corner.

The present effort to get a new school building and abandon three

THREE BANDITS HOLD UP WEST BADEN CLUB

Terrorize Guests After Making Manager Prisoner and Escape With $6,000 in Loot

GET MONEY AND JEWELS

West Baden, Ind., June 23—(U.P.)—Authorities of southern Indiana and Kentucky were notified to be on the lookout for a trio of bandits who terrorized guests at the Indiana club near here last night and escaped with loot estimated at $6,000.

Entering the office of the club, the three men engaged the manager and assistant manager in conversation and suddenly covered them with revolvers.

Under threat of torture, the manager was forced to hand over the money in the safe of the club.

Two guests who were in the club when the robbers entered were quickly relieved of their money and jewelry and were tied and gagged.

Other persons entering the club were greeted by one of the bandits who stationed himself at the door and assuming the role of an employe of the club invited them to enter.

As the guests reached the head of a stairway in the club they were confronted by the other two bandits with drawn revolvers who robbed them of their money and jewels.

For more than an hour the three men remained in possession of the club and seven guests were robbed.

The bandits are believed to have fled in the direction of Louisville. The manager of the club worked loose from the ropes with which he was tied and spread the alarm.

COUNTERFEITERS PLEAD GUILTY

Five in Universal, Ind., Ring Change Pleads—Sentences Thursday

Terre Haute, Ind., June 23—(U.P.)—At a special session of federal court today the five men and one woman charged with operation of a counterfeiting plant at Universal appeared before Federal Judge Baltzell and changed their pleas from not guilty to guilty. Sentences will be passed Thursday.

Those pleading guilty were Pete Davitto, his wife Gladys, Joe Volocio, Roy Dempsey, Calin Morgan and Claude Phillips.

The special session was a surprise, no one but officials of the court being aware of the call until after the pleas had been entered.

RAISING FUND FOR FIREWORKS

Committees Are at Work In Effort to Arrange for Pretentious Display July 5

BIG CELEBRATION PLANNED

Exhibition Will be Equal or Greater Than Modern Woodman Event—Races At Riverside

Committees were calling on business men and manufacturers today in an effort to raise a fund of $500 for a Fourth of July fireworks display in connection with the celebration of the nation's birthday which will be held at Memorial Park.

The committees hoped to get pledges of at least $300, and $500 if possible, in order to purchase enough fireworks to make a creditable exhibition. The sum of $300 was spent on the display when the state log rolling of the Modern Woodman of Indiana was held here, and committees in charge expected to arrange for a more pretentious display than was given on that occasion.

It was expected that enough money would be pledged by tonight to order the fireworks as it will be necessary to place the order at once to make sure that the pieces will arrive on time.

The present plans are to stage the fireworks display Monday night, July 5, following the municipal band concert which will be held at the park.

The fifth will be a full day in Rushville, with a race meeting and other attractions at Riverside park and an address by Governor Jackson at Memorial park.

The Fourth of July celebration originated here when the request came to the Boosters Club from a representative of the Brooks and Matney families, who will hold a reunion here the fifth, for cooperation in receiving the governor, who had accepted an invitation to address the family reunion here.

The celebration will really get under way on Saturday, July 3, when the first day of the two day horse and automobile race meeting will start. A number of aerial attractions have been arranged in connection with the Riverside events. One of the attractions will be the mounting of an airplane by means of a rope ladder from a speeding automobile.

The annual summer picnic of the Indiana Auctioneers association will also be held here on the fifth, at Memorial park, and at least one hundred members of the organization and their families are expected to be present.

HAVE HOPE FOR HAUGEN BILL

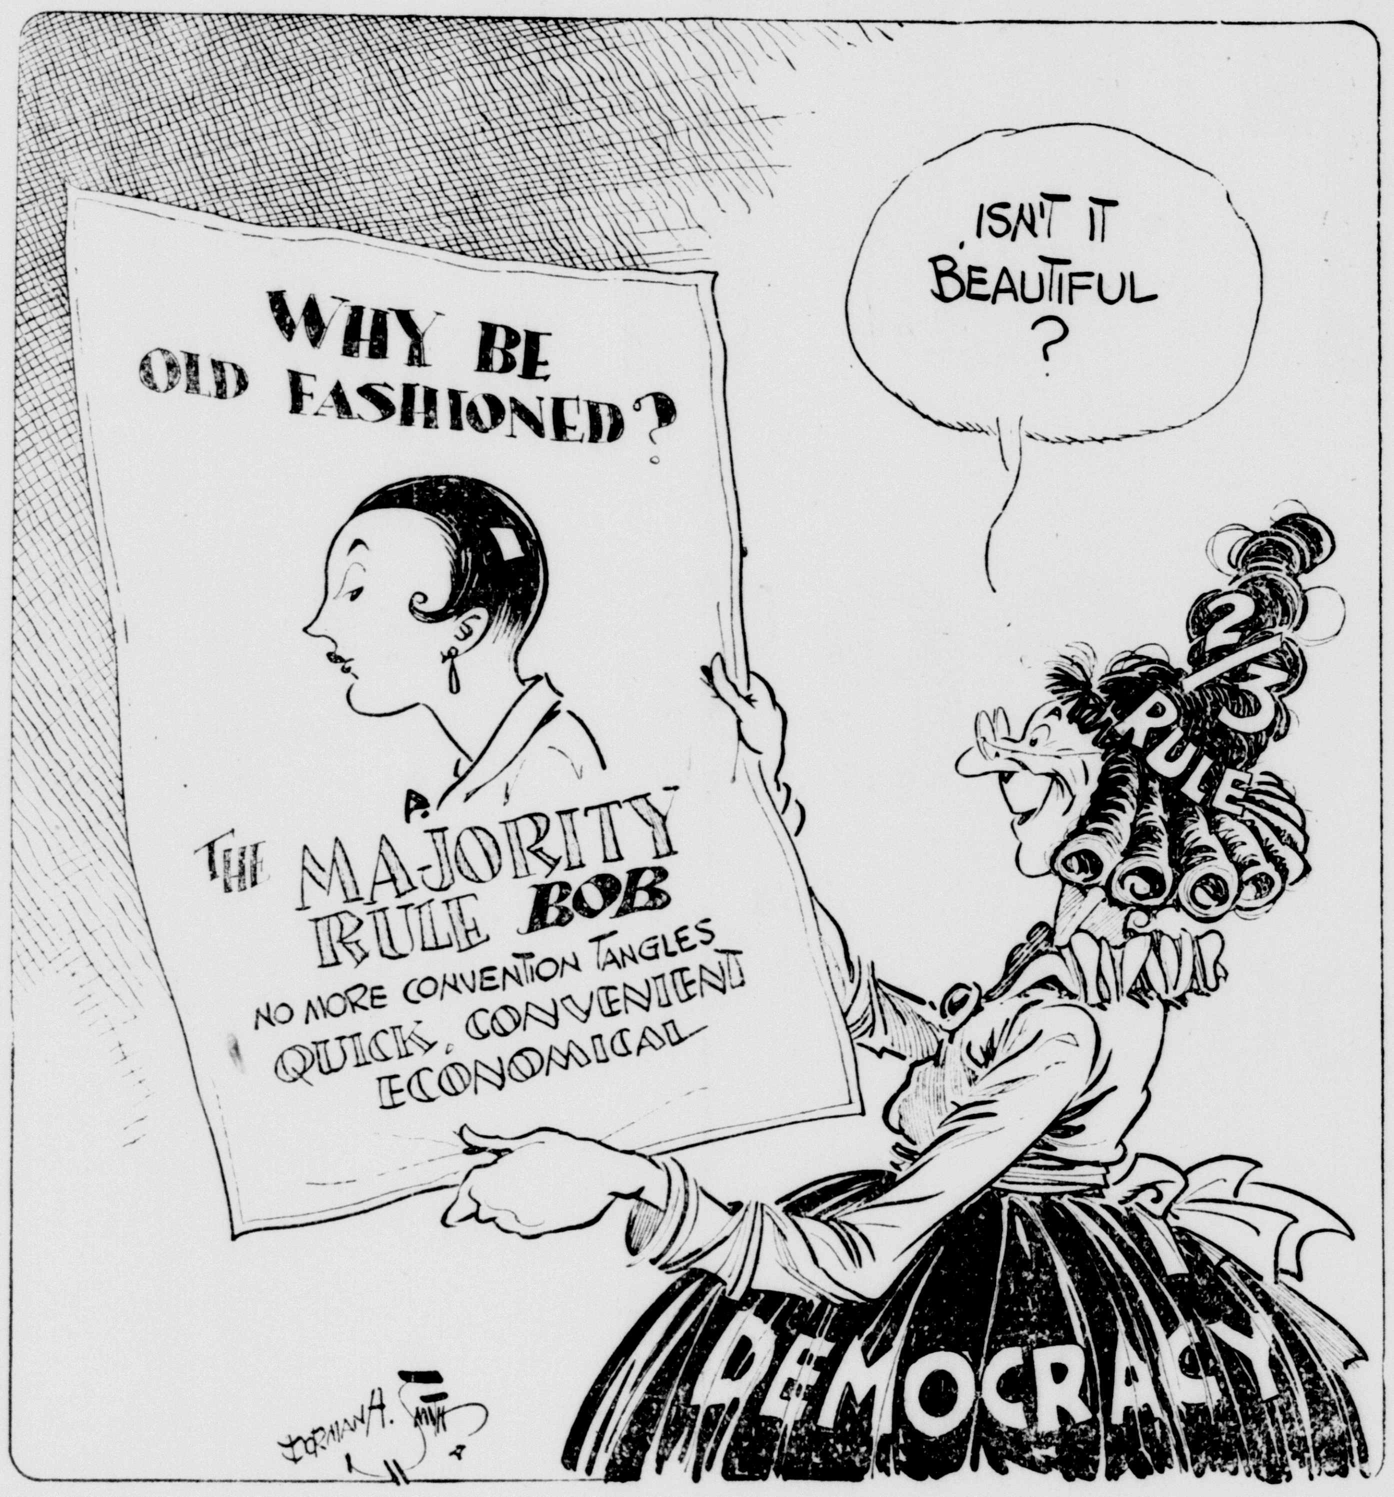
Washington, June 23—(U.P.)—The Haugen Farm Relief bill, according to a poll by the senate farm bloc, will be passed or defeated by a margin of only one or two votes.

The farmer senators at a conference decided that if the bill is passed they will move to hold up adjournment of congress until the house reconsiders the measure.

Senator Gooding, republican, Idaho, member of the farm bloc said after the conference:

"If we can swing two or three votes to our side between now and tomorrow when the bill comes to a vote we shall win."

SLIPPING



COMPROMISE TRIED IN THE ONEAL CASE

Trial in Receivership Suit, Scheduled for Today, Delayed While Parties Confer

JUDGMENT FOR MOCK ESTATE

Sum of $229.70 Allowed Oliver Mock Estate Against I. & C.—Headlee Appeals His Case

The case of Frances O'Neal against the surviving partnership of O'Neal Brothers, a suit for a receiver and for judgment, was to have been heard today in the circuit court before Judge Fremont Miller of Franklin, special judge in the case, and late this afternoon a compromise was said to be negotiating between the parties.

Judge Miller was here this morning ready to proceed with the case, and he allowed the parties time to consider a compromise, and indications later in the day were that a compromise would be affected.

In the suit for $1,000 damages filed this week by W. Lon Moore, administrator of the estate of Oliver Mock, deceased, against the Indianapolis and Cincinnati Traction company, the docket shows that the evidence was heard and judgment for $229.70 entered in favor of the estate.

In the case of the State against Sylvia Headlee, charged with vehicle taking, and who was convicted several weeks ago, the defendant has filed a motion for an appeal to the Supreme court. He provided $2,500 appeal bond pending the appeal and was released from custody.

Judgment on the verdict of the jury was pronounced last week by Judge Sparks, who imposed a sentence of not less than 3 nor more than 5 years, after refusing a new trial, and the action today seeks an appeal to the higher court.

In the case of William S. Oneal, as the surviving partnership of Oneal Brothers against Jacob A. Parrish, judgment has been entered on a note for $118.13 and costs.

The Supreme court today affirmed the decision of the local court in the matter of the state against Gregg Alvea of Greensburg. Alvea was tried here two years ago on a liquor law violation charge, in a case venued from that city to the local court. He was found guilty, and appealed to the higher court, which now affirms the decision here and will compel him to serve his penal farm sentence.

LEAGUE AVERAGES A HALF MILLION A YEAR

Spends This Sum in Agitating for Prohibition, Wheeler Tells Primary Investigators

EXPENSE ITEMS GIVEN

Washington, June 23—(U.P.)—The National Anti-saloon League spends between $350,000 and $600,000 a year—an average of about half a million dollars—to agitate for prohibition, Wayne B. Wheeler, executive agent of the anti-saloon league, told the senate primary investigating committee today.

The funds are obtained by private subscription through the various state organizations of the league, Wheeler revealed.

The amounts do not include expenditures and collections by the local state organizations.

Disbursements of the national organization—including salaries, traveling expenses, hired lecturers, office expenses, disseminators of information, etc.,—ran from $355,000 in 1920 to $367,000 in 1925, with a peak of $646,000 in 1921; $55,000 in 1922; $569,000 in 1923, and $444,000 in 1924.

EVANGELIST TELLS TALE OF BEING HELD CAPTIVE

Aimee Semple McPherson, Missing Since May 18, Kidnapped And Taken To Mexico

MISTREATED BY MEXICANS

Douglas, Ariz., June 23—(U.P.)—Missing since May 18, when she was reported drowned in the surf at Ocean Park, Cal., Aimee Semple McPherson, noted Los Angeles evangelist, was brought to the Calumet and Arizona hospital here today from Mexico, where, according to her own dramatic story, she had been held captive by American kidnappers.

Picked up exhausted by the roadside near Agua Prieta, Mexico, Mrs. McPherson arrived here in custody of Mexican policeman and was placed in charge of hospital authorities.

The woman told a vivid story of kidnapping at the beach and subsequent slavery n the hands of Mexicans across the border.

"I was taken from the water on a pretext," she said. "A woman

NEEDS TO REALIZE CHRIST IS PRESENT

Youth Must be Brought To Realization of This Fact, Eucharistic Congress Speaker Says

CROWDS NOT SO DENSE

First Day Clergy Was Able to Carry Out Procession—Flag Raising Ceremony As Opening

Soldiers' Field Chicago, June 23—(U.P.)—Youth of America needs to be brought to a realization of Christ's presence in the Holy Eucharist as a solution of the "boy problem" of the country, Joseph Scott of San Francisco, told the third day's open air session of the Eucharistic Congress here today.

Scott, one of the outstanding laymen in the Catholic church, spoke before a crowd of 150,000 composed largely of high school academy and University students.

While all of the seating room in the stadium was taken when the ceremonies opened, none of the great throng which was standing in the aisles and filled the field between the outdoor cathedral and the altar, on the previous two days, was present.

The sun beat down hot, though there was a slight smoky haze on the sky. A slight breeze came off Lake Michigan.

Another colorful picture was presented in the stadium by the variety of costumes worn by the students in the choir.

The ceremonies opened with flag raising and singing of the Star Spangled Banner by the crowd. A band playing a sprightly march led the procession of clergy on the field.

This was the first day that the clergy had been able to carry out their procession completely as planned without interruption by the crowd. While the stands were filled, none was standing and the aisles were free for the procession.

Those in the stands took great delight in picking out their own particular pastors, bishop or archbishops, and in giving them a hand.

The solution of the "boy problem"—"the revolt of youth" is to bring back to their hearts the consciousness of the real presence—the belief of Catholics that Jesus Christ is actually present on the altars of their churches under the appearance of bread—Joseph Scott of San Francisco said in his address.

The devout belief in the Eucharist will bring a better understand-

LICENSE SUSPENDED 30 DAYS

Punishment For Rushville Automobile Co., For Making Speed Test

Indianpolis, Ind., June 23—(U.P.)—The automobile dealer's license held by the Rushville Automobile company today was suspended for 30 days by Frederick Schortemeier, secretary of state.

The suspension was ordered as punishment for breaking the state speed laws in a test run from Rushville to Washington, D. C.

Mervin Alexander, driver of the auto, admitted that the speed limit was broken on the first attempt to make the run but denied that he exceeded the speed law in continuing the trip.

State policeman Bridges and Shields appeared as witnesses against Alexander at a hearing before Schortemeier today.

During the thirty days suspension, Schortemeier explained, the company will have to use private automobile licenses.

DR. FRANK SMITH IS DEAD OF PARALYSIS

Oldest Practicing Dentist in Rushville Succumbs Following Stroke Suffered Sunday

LIVED HERE FOR 35 YEARS

Born and Reared at Greensburg and Educated at Danville Normal—Graduate of Dental College

Dr. Frank Smith, age sixty-four years and oldest practicing dentist in Rushville, died at his home, 212 West Third street, Tuesday evening of paralysis. Dr. Smith had not been in good health for several years, and last Sunday suffered a stroke of paralysis. Little or no hope was held out for his recovery after Sunday's attack.

Dr. Smith practiced dentistry here for thirty-five years and remained active in the practive until his death.

Funeral services will be held at the late residence Thursday afternoon at two o'clock, in charge of the Rev. H. W. Hargett, pastor of St. Paul's Methodist Episcopal church, and burial will take place in Greensburg.

Besides the widow, the deceased is survived by three daughters, Mrs. Ralph Miles of Miami, Florida, Miss Marjorie E. Smith, who teaches in the Connersville public schools, and Miss Harriett B. Smith, who teaches at Sullivan, Ind.

Dr. Smith was born at Greensburg August 30, 1861, and was educated in the common and normal schools of Hope and Danville, Indiana. After retiring from college, he was a teacher for a number of years. He then graduated from the Indiana Dental College, and later took a post-graduate course in Prosthetic dentistry. Since that time he had practiced in this city for approximately 35 years, having opened his first dental office here.

Dr. Smith was married June 9, 1891, to Miss Maggie O'Connor of Bartholomew County, this state, and to this union three daughters, Lorene, Marjorie and Harriett were born, all of whom are living. Dr. Smith was a member of the Methodist Episcopal church, and Independent Order of Odd Fellows and the Macabees order. He also belonged to and at one time was an officer of the Indiana Dental Association.

THREE BANDITS ARE CAPTURED

Chicago, June 23—(U.P.)—Returning to their lair to divide the loot following a successful $1,600 stickup, three bandits were captured by a police squad searching their premises for traces of automobile thieves. There were five in the bandit gang but in the gun battle which followed two escaped. Steve O'Hagen, alleged gang leader, was one of three captured and in his pockets police found the stolen $1,600.

LETTER BOMBSHELL TO HIGHWAY CRITICS

Governor Jackson's Stand Takes Wind From Sails of Enemies of Highway Commission

PRAISES INDIANA'S LAW

Regarded as Placing Governor on Record as Opposed to Any Change in Present Statute

(Special to The Daily Republican)

Indianapolis, Ind., June 23—Hurling a bombshell into the ranks of the highway commission critics, Governor Ed Jackson in a letter of the Good Roads Board of the Hoosier State Automobile Association stated that "the taxpayers of the state are receiving a dollar's value for every dollar expended by the highway department."

Calling attention to the gratifying functioning of the department under what he terms "one of the best highway laws of any of the state of the Union," the Governor has taken the wind out of the sails of those who had hoped to effect changes in the personnel of the commission and its director.

To many of those present, at the meeting in which the Governor's letter was read, it seemed as though the Governor had gone on record as opposed to the Kissinger "Ripper" bill, of the last legislature. The attitude taken by the executive seemed to indicate that he would resent any effort to change the existing law when the law-making body convenes next January.

Representatives of many state wide organizations such as the Rotary, Kiwanis Clubs, the T. P. A., and the state Chamber of Commerce were present. The Indiana Farm Bureau, the Retail Hardward Mens' and the state Bankers' associations were represented.

Fostered by the Good Roads Board of the Hoosier State Automobile Association under the direction of M. E. Noblet, secretary, the meeting was held in the Palm room of the Claypool hotel. E. W. Steinhart of the automobile club presided and summarized the purpose of the meeting when he said:

"We believe the time is again at hand when all organizations interested in the good roads cause should again be definitely associated with a liberal and careful leadership if

CLUB REPRESENTED AT CHARTER PRESENTATION

Local Kiwanians, Sponsors of Greensburg Club, Attend Banquet Tuesday Evening

OAKLAND, CALIF. MAN TALKS

Between thirty-five and forty members of the Rushville Kiwanis club were presented at the charter presentation meeting of the Greensburg club Tuesday night and the Rev. Gibson Wilson extended greetings on behalf of Rushville Kiwanians, who sponsored the new club.

More than two hundred and fifty Kiwanians from a half dozen cities in this section of the state sat down to the banquet in Dalmbert's hall and the principal address was delivered by Franklin H. Kean of Oakland, Calif., representative of Kiwanis International, who is engaged in club extension work.

Visitors were welcomed by Mayor C. E. Northern. Hugh D. Wickens, who acted as toastmaster and Dan S. Perry carried greetings from the Greensburg Rotary club. The charter was presented by A. E. Kress of Terre Haute, district governor.

The city was decorated for the event and a brass band led the procession of Kiwanians from the Y. M. C. A., where the visitors registered, to Dalmbert's hall for the banquet and program.

Madison, Lawrenceburg, Franklin and Shelbyville clubs, in addition to Rushville, were represented by good sized delegations. The banquet was served by the War Mothers and American Legion auxiliary. Several vocal and instrumental musical numbers were on the program.

Effective immdiately, all models of Ford Cars, including the Commercial Chassis, will be equipped with balloon tires and self starter as standard equipment.

These reductions are all the more striking due to the fact that balloon tires and self starters have been added as standard equipment on all models

All Ford Ton Trucks will be equipped with balloon tires in front and the present pneumatic tires on the rear. The self starter is optional equipment on the trucks.

As has been the custom in the past, the quality has not been lowered in order to reduce the price. The Ford Car and Truck still embodies the high quality of workmanship and material that has made Ford Leadership endure for twenty-two years.

HOG PRICES BREAK 25 CENTS WITH HEAVY RUN

Indianapolis, Ind., June 23—(U.P.)—Hog prices broke 25 cents in mid-week trading on the local market today under the influence of a heavy run of 9,000 and lower prices on other markets. Bulk sold at $14.50 to $14.90.

The cattle market was steady. A heavy run of 1,400 was balanced by a broad demand. Steers sold at $8 to $10.25 and cows and heifers brought $6 to 10.

A strong tone was in evidence in the sheep and lambs market, where a run of 600 was received. Sheep were quoted at $7 down and lambs at $10 to $15.

A 50 cent drop marked trading in calves. Best vealers brought $12 and bulk sold at $11.50 to $12.

ing to both fathers and sons, Scott said.

"The world tired and weary with wars and rumors of wars is seeking in vain for a solution of the difficulties that confront national life. In vain men cry 'peace', but there is no lasting peace, except in peace of Christ in the adorable sacrament, 'a peace that passeth understanding,' " he said.

He declared there was a need for concentration upon spiritual life.

"We are living in an epoch of the world when the love of pleasure and ease and luxury dominates the soul of man, particularly in these United States of America. It is not merely a mainia among the youth but has infested the older folk. We shrink from pain and suffering with all the cowardice of the flesh but we likewise are prone to be spiritually atropheid, to grow soft and frail and to avoid the stern responsibilities that go with sacrifice and service," he said. As relief from this Scott said, "we must grip to our hearts the sentiment of our Savior, 'he that would come after me let him deny himself and take up his cross and follow me.'"

Cardinal Dennis Dougherty of Philadelphia presided at today's session. He delivered an address on the mystery of the Eucharistic.

"The greatest of mysteries is the Eucharistic," he declared. "The blessed Eucharist is the continuing chain of God's love left with mankind to help us attain the happiness of heaven."

The celebrant of the mass was Bishop E. P. Hougan of Chicago. The assistant priest of the mass was Rev. Francis Gordon of Wisconsin; the deacon, Rev. W. H. Agnew, S. J. president of Loyola University; sub-deacon, Rev. Thomas Levon, president of De Paul university.

In concluding Scott expressed the hope that Pope Pius XI would not long remain a prisoner in the vatican. This brought a tremendous roar of approval from the audience. The choir sang the mass of St. Francis, written by Otto Singerberger, the director, especially for the occasion.

BIBLE THOUGHT —FOR TODAY—

Bible Thoughts memorized, will prove a priceless heritage in after years

Conviction and Courage: "Behold, the Lord thy God hath set the land before thee: go up and possess it, * * fear not, neither be discouraged." Deut. 1:21.

Prayer: May we Lord, ever be of good courage, because Thou dost strengthen our heart

What Makes A Community

It takes so much cement, so many bricks, so much lumber and other materials and the concentrated effort of so much labor to construct a building that will stand through the years. While those are not the same materials of which great communities are built—the concentration of elements and effort is the same.

Four essential materials enter into the making of a greater, more prosperous and progressive community. What those four are we don't propose to tell you here because—well, we couldn't name and explain them for you half so well as our business and professional interests have enumerated them in the sixth of their educational broadsides to be found on page 8 of this issue.

This, we do know, however, that the interests sponsoring this campaign are out to make you and your neighbor more contented as Rush county residents. They want you to know that they take more than a business interest in you and our great town and that they're unceasingly working and determined to make you feel proud you're one of us.

Trun now to page 8. Read their message. And, co-operate with Rushville merchants by doing what they urge. You'll be paid back tenfold in contentment, prosperity and happiness.

Crazy With The Heat

When a bather seeks the cooling waters of the river or lake and is drowned it's the heat. When a motorist drives at terrific speed to "cool off" and is perhaps fatally injured, the heat is blamed. Someone suffers from acute indigestion due to eating food that should not be eaten in hot weather—heat again.

Thus the heat becomes the common scapegoat in the summertime. When it is hot, the natural thing is to make the heat responsible for the weaknesses of humanity. "Crazy with the heat" is an old slang phrase that aptly expresses the customary view of everyone when the thermometer mounts.

People who follow customs of living that have been found to be proper for hot weather, never complain about the heat. Those who do not over-eat, and eat only that which should be eaten at this season, and who wear the proper kind of clothing, never have occasion to fuss about the heat.

Heat does bring an abundance of discomfort and it is well to be prepared for any serious consequences of the heat, but there is no real reason for being alarmed when the mercury gets above ninety. The temperature goes far above that mark in the tropics and people continue to inhabit that portion of the earth in comfort.

Someone has said that heat is a state of mind and it is possible that with the vast majority of the people, the disagreeable nature which they reveal is due to an imaginary rather than a real condition.

Newspaper Progress

A copy of the "Progress Edition" of the Fort Wayne News-Sentinel, consisting of 222 pages and celebrating the completion of the News-Sentinel's new building, is at hand. It is in truth a Progress edition, revealing the marvelous development that has taken place in the newspaper and printing business.

Compared with the old Washington hand press that printed 300 papers an hour when operated by an experienced man, the News-Sentinel has a Goss double sextuple press that will print 1,728,000 pages in an hour, cut, fold and count them ready for distribution.

The News-Sentinel is "at home" this week in a building that is a model of its kind. It is a type of architecture that gives no hint of the hive of industry inside. There is little about it to suggest business.

The News-Sentinel well reflects the spirit of the thriving city of northern Indiana and is an institution of which the city may honestly boast.

Stewart's WASHINGTON LETTER

BY CHARLES P. STEWART
NEA Service Writer

WASHINGTON—No funeral ever was more depressing than the session of the United States senate immediately following receipt of the news that Senator Albert B. Cummins had been beaten for renomination by Smith W. Brookhart, out in Iowa.

Not that there wasn't a lot of secret rejoicing over the Coolidge administration's bereavement, but everybody was so sorry, personally, for Senator Cummins.

The latter accepted his political demise gamely, but all his fellow senators knew how it must have hurt him. After 18 years as one of the biggest men in the upper house of Congress, to be shoveled under so unceremoniously!

* * *

CUMMINS always has been very popular in the Senate, as it proved by picking him for its presiding officer during President Coolidge's fractional first term in the White House, when there was no regularly elected vice president.

He's a kindly, considerate man and as scrupulously fair and polite toward the opposition as with those of his own party.

From both sides of the Senate chamber he was showered with words of sympathy. Members of the progressive bloc were especially warm in expressions of their personal regret at his defeat, though for them, of course, Brookhart's success was a victory.

Sesqui-Centennial This Year

When the Centennial Exhibition was held in Philadelphia in 1876, Lydia E. Pinkham, a woman in Lynn, Mass., was just beginning to market her root and herb medicine. Her first large order was for eighteen dollars worth.

Philadelphia is now celebrating the 150th anniversary of the signing of the Declaration of Independence. In Lynn the Lydia E. Pinkham Medicine Company occupy six buildings in the manufacture of their root and herb medicine.

Nearly 5,000,000 bottles of Lydia E. Pinkham's Vegetable Compound were sold last year.

FIFTEEN YEARS AGO TODAY

From Daily Republican
Friday, June 23, 1911

There have been many questions concerning the number of converts which have joined the churches of Rushville since the tabernacle meeting began two weeks ago last Wednesday. One of the ministers of the city has consulted all of the other ministers to learn how many cards have been signed and find that there is a total of one hundred and sixty-one up to the present date.

The election of officers took place about three o'clock this afternoon, near the close of the business session of the Tri Kappa convention which will end tonight. At the election it was expected that a member of th Phi chapter of this city would be selected. Miss Jeanne Bishop was mentioned as the probable choice of the convention for the grand vice-presidency.

Mrs. Jabez Winship and sister, Mrs. Will Meredith, spent the day in Indianapolis and will attend the commencement of the Metropolitan school of Music tonight.

Mrs. Sam McBride and daughter Zella and Fern of Mays visited her mother, Mrs. Sam Young today.

Mrs. Frazier Johnson and Mrs. Lee Thomas visited in Indianapolis today.

Miss Myra L. Beale and Irwin C. Kinnear were quietly married at the First Presbyterian church parsonage by the Rev. John B. Meacham last evening at 8:30 o'clock.

Miss Fanny Pierce of North Carolina, is visiting her sister, Mrs. O. S. Hill in Carthage.

Earl Riffey, the barber, at Falmouth is out at his father-in-laws' trying his strength in the harvest field. (Plum Creek)

Mrs. Esther Lineback of Charlottesville went home Sunday after a two week's visit with her parents, Mr. and Mrs. Lindsey Winters. They gathered ten bushels of cherries from seven trees while she was there. (Sumner)

Miss Ramona Norris, Ethel Publow, Grace Winslow and Lindley Clark returned from Earlham Thursday. Miss Edna Hall of Elizabethtown will be the guest of Miss Ramona Norris for a few days. (Carthage)

FALMOUTH

Willis Clark, son of Mrs. Millard Bunyard of Falmouth, was seriously injured Monday evening when the Ford Touring automobile, in which he was riding, turned over in a ditch, south of Falmouth, on the Glenwood pike.

Mr. and Mrs. Guy Willey of Falmouth delightfully entertained to a bountiful dinner Friday, the following guests, the Rev. and Mrs. W. H. Law and family, the Rev. Mr. Gwinn, Mr. and Mrs. Robert Longfellow and Rennie Hittle.

Mr. and Mrs. Scott Akers and family and Mr. and Mrs. Emerson Bilby of Muncie, Ind., motored to Connersville Sunday.

Mr. and Mrs. Charles Medd and sons Robert and Lowell and daughter Lois of Orange attended services at the Christian church of Fairview Sunday.

Mr. and Mrs. Robert Cook and sons entertained with a lovely dinner Sunday to the following guests, Miss Mae Sullivan of Rushville and Mrs. Marie Cook and son Edward of Mays. Ice cream, strawberries and cake were served in the afternoon.

Mr. and Mrs. Richard Gray, Mr. and Mrs. John Dawson and family and Mr. and Mrs. Burt May and family of Orange attended services at the Christian church at Fairview Sunday.

Mr. and Mrs. Ray Lawson of Indianapolis visited relatives and friends here Sunday.

Mr. and Mrs. A. E. Rich of Falmouth spent Sunday with their daughter, Mr. and Mrs. Herschel Barnes and daughter Talma.

Mrs. Elmer Rider of Raleigh and Miss Ethel Davis of Alquina spent Sunday as the guest of Clifford Johnson and sister Gladys.

Mr. and Mrs. Herman Moore and family of Falmouth spent Sunday with their parents, Mr. and Mrs. Mart Wright of Glenwood.

Mr. and Mrs. Emerson Bilby of Muncie are spending a few days as the guests of Mr. and Mrs. Scott Akers and family.

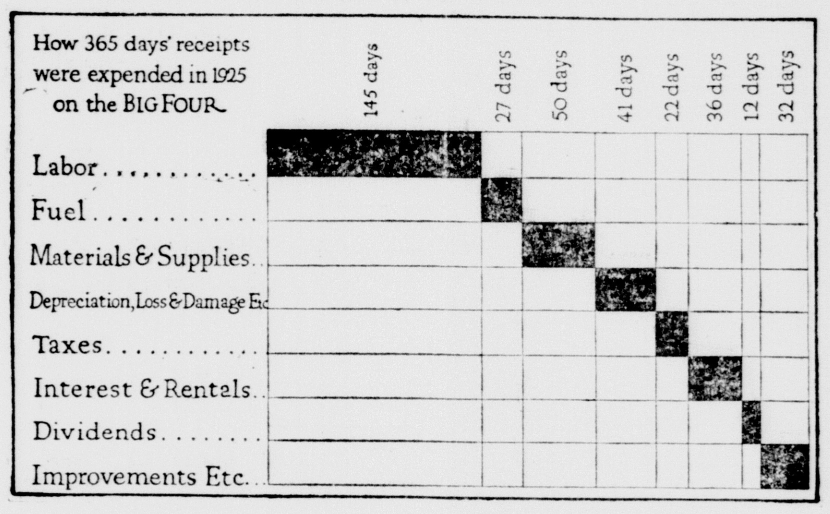
Where the Money Goes



The revenues earned by the Big Four do not stay long in the treasury. They must be used each day to pay for services and materials needed to operate and maintain the property.

All of our receipts for 145 days last year were used to meet our payrolls. Locomotive fuel took 27 days' receipts. Materials and supplies absorbed 50 days. To provide for depreciation, loss and damage and minor items we used 41 days' earnings.

For 22 days of the year we were accumulating enough to pay taxes. Interest and rentals took another 36 days.

During 12 days the income was used to pay dividends. The earnings of the rest of the year, 32 days, were devoted to expenditures for improvements and the building up of necessary reserves.

The dollars paid the Big Four buy good railroad service; and these same dollars spent by the Big Four buy the things that help to make good railroad service.

CARDINALS NEW SERIOUS THREAT

Acquisition of Grover Cleveland Alexander Improves Pennant Chances of St. Louis

GOES VIA WAIVER ROUTE

Famous Cub Pitcher Could Have Been Sold For $100,000 Just Four Years Ago

By BERT M. DEMBY

Chicago, June 23—The St. Louis Cardinals today became a more serious threat in the national league baseball race through the acquisition of Grover Cleveland Alexander, veteran pitcher of the senior league.

Alexander goes to the Cardinals from the Chicago Cubs via the waiver route at a price of $4,000. Just four years ago the Cubs refused an offer of $100,000 for the great pitcher.

Now resting in third place and only two and one-half games from the top rung of the ladder, the Cardinals are looked upon as likely contenders for the pennant. Cardinals sympathizers believe the veteran Alexander will be able to turn in eight or ten victories between now and the end of the season, which might decide the national league championship.

But of even greater value to the Cardinals will be Alexander's wisdom in the ways of big league pitching. The St Louis club has a group of young pitchers who may be directed along the path of greatness by the instruction Alexander will give them. When his close personal friend, Bill Killefer, was manager of the Cubs, Alexander devoted much of his time to the training of the younger members of the Cubs pitching staff and gave Killefer almost invaluable assistance.

In going to St. Louis, Alexander once more will join his old battery mate, Bill Killefer, who is assistant to Rogers Hornsby as manager of the Cardinals. This pair—Alexander and Killefer—should be of great assistance to Hornsby in leading the Cardinals toward a pennant.

Alexander leaves Chicago Cubs a fallen idol. Just a few weeks ago he was presented with an auto by admiring fans. His presence on the field has always brought cheers from the stands and bleachers. But he had difficulties with the new management of the club and a week ago was suspended indefinitely for breaking training rules. His release at that time was predicted but came earlier than expected.

Watching the Scoreboard

Yesterday's hero—Jakie May, Cincinnati, who fanned two batters and caused another to ground out after the Cubs had filled the bases in the eighth. The Reds won 3 to 2.

The Tigers defeated the Browns 9 to 4 for their fourth straight victory.

A six run rally in the ninth gave the Senators the first game of a double header with the Yankees 8-7, but the hugmen got revenge in the second, winning 9 to 1.

Glenn Wright got away for two homers in the Pirates victory over St. Louis, 3 to 1.

The Robins took an early lead and Grimes held Boston safe, Brooklyn winning 4-2.

Chicago shot into a triple tie for second place with Cleveland and Philadelphia, by defeating the Indians in the tenth 4-3. It was Lyons' twelfth victory of the season.

The Phillies made a dozen hits off two Giants pitchers and wone easily 6-2.

Uptown Shop Holds Opening

The Uptown Shop, soda fountain and drug sundries store opened by Hargrove and Brown in their new building at Seventh and Main Streets, held a formal opening Tuesday and received the congratulations of hundreds of patrons and friends.

Coupons clipped from the Daily Republican entitled the little folks with ice cream cones and carnations were given as favors to the ladies.

There was almost a constant stream of people going to and from the ne westablishment Tuesday evening. Flowers were received by the proprietors from the Keifer-Stewart Drug Co., of Indianapolis, the Pansy Greenhouse and Dr. John M. Lee of this city.

came to me and said, 'sister, mother wants you to go and see a sick child."

"I had just been in the water and was a bit chilly. A wrap was placed around by shoulders and I was hurried to a waiting automobile. The last I remembered for many hours was being dumped rudely into the car and dope placed over by mouth and nostrils."

The woman was quoted as saying she had been carried across the American line at Mexia.

Traveling through lower California and into Sonora, she said, she escaped from her captors, a man named "Steve" and a woman named "Rose," she declared.

She made her way painfully on foot over the burning sonora and dunes to Agua Prieta, just across the line from here. There she told her story and was brought here this morning by Amricans.

MOVIE NOTES

"Infatuation"—Princess

Neglected love is the theme of Griffith's latest First National release "Infatuation," now showing at the Princess Theatre.

The picture is based on W. Somerset Maugham's "Caesar's Wife", which achieved notable success on the stage.

The story is dually allocated in London and Egypt. It concerns the flirtation of the wife of an English ambassador to Cairo and her eventual return to the husband whom she thought had neglected her.

As Lady Little, Corinne Griffith is said to give an almost impeccable delineation. Her ability to portray the aristocratic type is well known.

Percy Marmont, who was co-featured with the star in "The Climbers" of some seasons past, plays opposite Miss Griffith in this picture. Others in the supporting cast are Percy Marmont, Malcolm MacGregor, Warner Oland, Claire Du Brey, Leota Lorraine, Martha Mattox and Clarissa Selwynne.

"The Woman Hater"—Castle

The splendid performance that Helene Chadwick gave last night in "The Woman Hater," the newest Warner photoplay that opened yesterday at the Castle theatre, proves her once more an actress of great personal charm and histrionic talent.

She enacts a difficult role with all the dramatic fervor of a Bernhardt and creates an alluring Parisian actress who is utterly fascinating. Having set Paris agog with her daring she returns to America as the fiance of a nice boy, who runs into considerable trouble when he tells his aristocratic old mother that he is engaged to an actress. Determined to save her son from such a disgrace, his mother enlists the aid of Miles Faversham, a confirmed "woman hater", who promises to do what he can, but when the time for action comes he is shocked to discover that the notorious actress is the girl enshrined in his heart— the girl who jilted him many years ago. That situation beggars description and must needs be seen to appreciated.

Miss Chadwick is ably supported by the celebrated English actor, Clive Brook, whose work in the past year has given him a high place in the roster of filmdom's leading men. John Harron, Helen Dunbar and Dale Fuller enact their parts with commendable ability.

The direction is excellent and is particularly noticeable in some of the most dramatic moments of the picture, where the suspense and emotional quality is greatly enhanced by the subtle touch of Jams Flood, the director who wielded the megaphone for "The Woman Hater" which was produced by Warner Bros

SEEK INJUNCTION TO STOP BUILDING

Continued from Page One

small buildings began four years ago. Previous to this attempt, school patrons have endeavored to get a centralized building, but have always failed, largely due to the fact that an agreement could not be reached in regard to a location.

The complaint for an injunction sets out that the township has three school buildings of good and substantial construction known as Freeman's, Neff's Corner and Richland schools. They are so located, the complaining taxpayers allege, with respect to the boundaries of the township, ~~as to~~ be of the most convenience to the scholars, school patrons and residents, and are also located so that the school system may be most economically managed and conducted. The building in all ways are sufficient for school purposes, the plaintiffs assert.

The complaint sets forth that the trustee has never presented to the county superintendent of schools a petition setting forth the place where it is desired to locate the school. Neither has any petition been presented to the county superintendent, the complaitn asserts, to remove present buildings or sites, such petition, as required by law to contan a brief statement of the purpose and reasons for such a change.

The majority of the legal voters of the township have never petitioned the trustee for abandonment of the buildings now in use, the plaintiffs declare. They also aver that the trustee has never complied in any manner with any state laws relating to the relocation and change of sites.

It is also charged that no legal notice has been given by the trustee and advisory board of their purpose to issue $47,000 in bonds to erect the new building.

The plaintiffs say they understand that the trustee and advisory board are about to enter into a contract to build a building and acquire a site, and that if such is done, the township's indebtedness will be more than two percent of the assessed value of the property.

The complaining taxpayers therefore ask that the trustee and advisory board be enjoined from issuing bonds to acquire a site and building a school building, from entering into a contract to erect the building and from abandoning or changing the location and sites of the present buildings.

"Grade-Marks on Lumber are the Customer's Guaranty"

—*from a bulletin of the United States Department of Commerce*

Heretofore lumber has been sold without identification marks as to the grade. This sometimes led to misunderstanding on the part of the public. Buyers may have thought they were not getting the grade of lumber asked for.

To correct this situation, a group of manufacturers comprising the Southern Pine Association, in accordance with recommendations of Herbert Hoover, Secretary of Commerce, are marking the grade on the lumber shipped from their mills. In addition to the grade, the mark also shows the number of the mill which produced the lumber, and the official S P A label, which indicates the lumber was manufactured in accordance with the American Lumber Standards, and that it was graded by experts whose efficiency is subject to frequent test and examination by official inspectors of the Southern Pine Association.

As retail lumbermen, we welcome this Southern Pine Association movement. It means protection to our customers and therefore to ourselves.

A Happy Woman

A MAN dreams of wealth, success and power.
A woman dreams of a home of her own and babies to love.

Happy is the young woman whose dream is fulfilled. With good health, housework is not a burden. Her home echoes to the prattle of healthy children. She must not fail those tiny hands. Her husband is still her comrade and confidant, sharing her new responsibilities. She is content.

Happy, too, is the older woman who holds her children's children in her arms and lives to see a new generation dreaming dreams of its own.

A young girl in Iowa was in such a weakened condition that she had to leave school. One day, after being in poor health for about two years, she picked up an advertising booklet and read about Lydia E. Pinkham's Vegetable Compound.

"I began to take your medicine," she writes. "Now I am a housekeeper with six children and I have taken it before each was born. I cannot tell you all the good I have received from it. I read all of your little books I can get and I tell everyone I know what the Vegetable Compound does for me."

LETTER BOMBSHELL TO ROAD CRITICS

Continued from Page One

Indiana is to have, in the future, a satisfactory, **non-partisan, work**able state highway commission law and a sound and aggressive road **policy.**"

It was agreed that all organizations interested would retain their individual identity but that for purposes of unity a representative from each association would form the Good Roads Board with the H. S. A. A. shouldering the work and the expense.

Previous arrangements which could not be altered prevented the presence of the entire highway commission. A. V. Burch, vice chairman of the commission, spoke briefly setting out the salient features of the past activities of the road building body and told of the plans for the immediate future as well as outlining the plans now being considered for the next biennial period.

The governor's letter read to the assemblage when it was learned that he could not be present, follows:

"On account of my inability to be there it might be well for me to state that I am of the opinion that our highway law is one of the very best of any of the States of the Union. The functioning of the department under this law is at this time very fratifying. We have the largest program of highway construction and maintenance this year that we have had in any year during the existence of the highway department. We are making all of our plans to carry out a program of increased mileage for next year and the year following.

"I am confident that the taxpayers of the state are receiving a dollar's value for every dollar expended by the highway department, and we have just reason to be proud of the accomplishment of the department. The department as now constituted is functioning harmoniously and efficiently in every respect."

In the open discussion which followed a short talk by J. G. Daly, editor of the Anderson Herald, appreciation of the Governor's letter was voiced and the hope expressed that harmony might reign.

Resolutions commending the law and its operation were passed together with a pledge that the good roads board would make every effort to see that no legislation is passed at the next session of the legislature inimical to the best interests of the motoring public.

Over 3,000 cities and towns have streets paved with portland cement concrete

Horse-and-Buggy Pavements Won't Do

Property owners in many towns and cities whose streets swarm with motor traffic are still wasting their money on horse-and-buggy "pavements" of bygone days.

These rough, bumpy streets are directly responsible for broken springs, cut tires, greater depreciation of cars, physical discomfort, loss of time, and many accidents involving loss of life or limb.

And the heavy expense of trying to keep worn-out, dangerous, horse-and-buggy streets in repair, added to their original cost, amounts to more than enough to pay for true, even, non-skid concrete pavement that has the maintenance built in.

So in the long run you are paying for concrete streets. Why not get them?

All of the facts are in our free booklet on "Concrete Streets." Ask for your copy

Not All Building is Done With Stone and Lumber

GOOD WILL toward your neighbor,
LOYALTY to your home and country,
WHOLE-HEARTED CO-OPERATION with those who help you, and
DETERMINATION to attain greater comforts and education

Those are the materials of which GREAT COMMUNITIES ARE BUILT

Of these—"Good Will toward your neighbor" has a significant meaning. It means not only having a kind word and a smile for him at all times, but it means — ACTUALLY HELPING HIM. He'll do the same for you, thus creating the Spirit so absolutely essential to a Progressive Community.

Yes, there is another interpretation for that clause. It lies in cultivating that form of neighborliness that comes with — PATRONIZING YOUR HOME MERCHANTS. In doing so, you help them to become stronger and, therefore, better able to serve you more Economically and Efficiently. AND DON'T FORGET TO KEEP BOOSTING.

SEEK INJUNCTION TO STOP BUILDING

Eight Richland Township Taxpayers Allege Present School Equipment is Sufficient

OTHER REASONS CITED

Complaint Filed After Bids Were Opened Tuesday Afternoon for $45,000 Grade Building

Coincident with the opening of bids for the proposed new centralized grade school in Richland township, several taxpayers of the township today filed an injunction suit in the circuit court to stop the procedure, alleging that the trustee, Fred Goddard, has not complied with the state law and that a bond issue of $47,000 to erect the building will raise the township debt above two percent of the assessed valuation of the taxable property.

Bids were opened Tuesday afternoon at the office of Megee and Newbold, attorneys for the trustee and township advisory board, and it had been planned to award the contract Thursday afternoon after the architect, Harry Griffin of Connersville, had been given time to determine the lowest bids.

There were twelve bids on the *general construction* work and twelve on the plumbing, heating and lighting, in addition to twelve alternatives on the general construction which made the determination of the low bidder a difficult task.

Attorneys for the school officials planned to go before the state board of tax commissioners Friday, after the cost of the building had been determined, and ask permission to issue bonds in the sum required. John D. Megee of the firm of Megee and Newbold said today that it was hoped to keep the cost of the building within $45,000.

Together with the trustee, members of the township advisory board Harold Beall, Roscoe Linville and Arthur George, are made defendants to the injunction suit, which was filed by Leonidas W. Keisling, William T. Moore, Ollie J. Cook, William Fisher, Robert S. Davis, Willard D. Root, Frank Humphrey and Otis Freeman.

Arrangements have already been made, it is said, to locate the new school building on the Vern Lewis farm at Niff's Corner.

The present effort to get a new school building and abandon three

THREE BANDITS HOLD UP WEST BADEN CLUB

Terrorize Guests After Making Manager Prisoner and Escape With $6,000 in Loot

GET MONEY AND JEWELS

West Baden, Ind., June 23 (U.P.)—Authorities of southern Indiana and Kentucky were notified to be on the lookout for a trio of bandits who terrorized guests at the Indiana club near here last night and escaped with loot estimated at $6,000.

Entering the office of the club, the three men engaged the manager and assistant manager in conversation and suddenly covered them with revolvers.

Under threat of torture, the manager was forced to hand over the money in the safe of the club.

Two guests who were in the club when the robbers entered were quickly relieved of their money and jewelry and were tied and gagged.

Other persons entering the club were greeted by one of the bandits who stationed himself at the door and assuming the role of an employe of the club invited them to enter.

As the guests reached the head of a stairway in the club they were confronted by the other two bandits with drawn revolvers who robbed them of their money and jewels.

For more than an hour the three men remained in possession of the club and seven guests were robbed.

The bandits are believed to have fled in the direction of Louisville. The manager of the club worked loose from the ropes with which he was tied and spread the alarm.

COUNTERFEITERS PLEAD GUILTY

Five in Universal, Ind., Ring Change Pleads—Sentences Thursday

Terre Haute, Ind., June 23—(U.P.)—At a special session of federal court today the five men and one woman charged with operation of a counterfeiting plant at Universal appeared before Federal Judge Baltzell and changed their pleas from not guilty to guilty. Sentences will be passed Thursday.

Those pleading guilty were Pete Davitto, his wife Gladys, Joe Volocco, Roy Dempsey, Caba Morgan and Claude Phillips.

The special session was a surprise, no one but officials of the court being aware of the call until after the pleas had been entered.

RAISING FUND FOR FIREWORKS

Committees Are at Work In Effort to Arrange for Pretentious Display July 5

BIG CELEBRATION PLANNED

Exhibition Will be Equal or Greater Than Modern Woodman Event—Races At Riverside

Committees were calling on business men and manufacturers today in an effort to raise a fund of $500 for a Fourth of July fireworks display in connection with the celebration of the nation's birthday which will be held at Memorial Park.

The committees hoped to get pledges of at least $300, and $500 if possible, in order to purchase enough fireworks to make a creditable exhibition. The sum of $300 was spent on the display when the state log rolling of the Modern Woodman of Indiana was held here, and committees in charge expected to arrange for a more pretentious display than was given on that occasion.

It was expected that enough money would be pledged by tonight to order the fireworks as it will be necessary to place the order at once to make sure that the pieces will arrive on time.

The present plans are to stage the fireworks display Monday night, July 5, following the municipal band concert which will be held at the park.

The fifth will be a full day in Rushville, with a race meeting and other attractions at Riverside park and an address by Governor Jackson at Memorial park.

The Fourth of July celebration originated here when the request came to the Boosters Club from a representative of the Brooks and Matney families, who will hold a reunion here the fifth, for cooperation in receiving the governor, who had accepted an invitation to address the family reunion here.

The celebration will really get under way on Saturday, July 3, when the first day of the two day horse and automobile race meeting will start. A number of aerial attractions have been arranged in connection with the Riverside events. One of the attractions will be the mounting of an airplane by means of a rope ladder from a speeding automobile.

The annual summer picnic of the Indiana Auctioneers association will also be held here on the fifth, at Memorial park, and at least one hundred members of the organization and their families are expected to be present.

HAVE HOPE FOR HAUGEN BILL

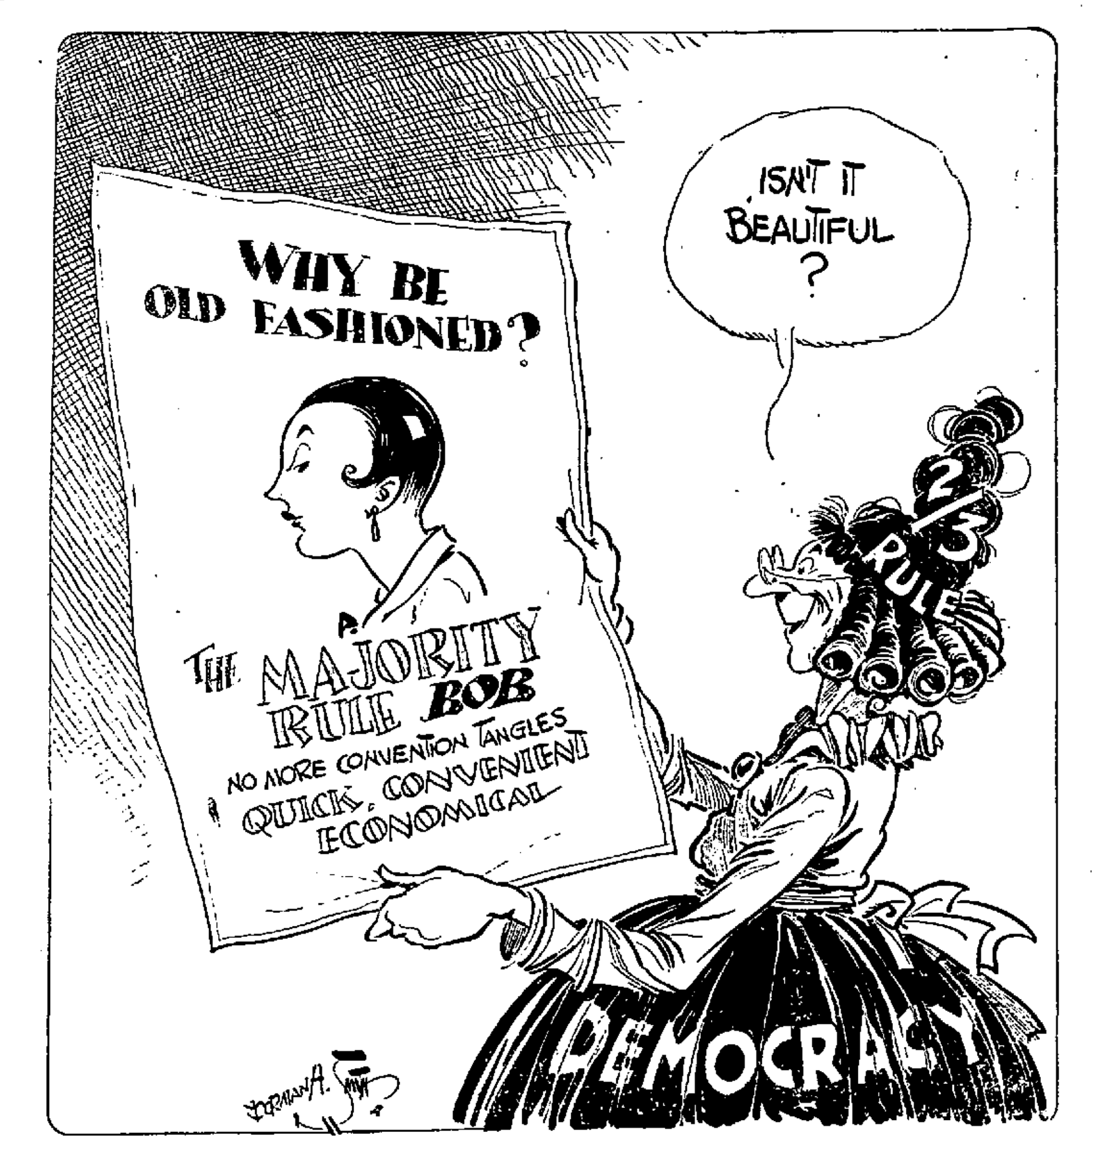
Washington, June 23—(U.P.)—The Haugen Farm Relief bill, according to a poll by the senate farm bloc, will be passed or defeated by a margin of only one or two votes.

The farmer senators at a conference decided that if the bill is passed they will move to hold up adjournment of congress until the house reconsiders the measure.

Senator Gooding, republican, Idaho, member of the farm bloc said after the conference:

"If we can swing two or three votes to our side between now and tomorrow when the bill comes to a vote we shall win."

SLIPPING



COMPROMISE TRIED IN THE ONEAL CASE

Trial in Receivership Suit, Scheduled for Today, Delayed While Parties Confer

JUDGMENT FOR MOCK ESTATE

Sum of $229.70 Allowed Oliver Mock Estate Against I. & C.—Headlee Appeals His Case

The case of Frances O'Neal against the surviving partnership of O'Neal Brothers, a suit for a receiver and for judgment, was to have been heard today in the circuit court before Judge Fremont Miller of Franklin, special judge in the case, and late this afternoon a compromise was said to be negotiating between the parties.

Judge Miller was here this morning ready to proceed with the case, and he allowed the parties time to consider a compromise, and indications later in the day were that a compromise would be affected.

In the suit for $1,000 damages filed this week by W. Lon Moore, administrator of the estate of Oliver Mock, deceased, against the Indianapolis and Cincinnati Traction company, the docket shows that the evidence was heard and judgment *for $229.70 entered in favor of the* estate.

In the case of the State against Sylvia Headlee, charged with vehicle taking, and who was convicted several weeks ago, the defendant has filed a motion for an appeal to the Supreme court. He provided $2,500 appeal bond pending the appeal and was released from custody.

Judgment on the verdict of the jury was pronounced last week by Judge Sparks, who imposed a sentence of not less than 3 nor more than 5 years, after refusing a new trial, and the action today seeks an appeal to the higher court.

In the case of William S. Oneal, as the surviving partnership of Oneal Brothers against Jacob A. Parrish, judgment has been entered on a note for $118.13 and costs.

The Supreme court today affirmed the decision of the local court in the matter of the state against Gregg Alvea of Greensburg. Alvea was tried here two years ago on a liquor law violation charge, in a case venued from that city to the local court. He was found guilty, and appealed to the higher court, which now affirms the decision here and will compel him to serve his penal farm sentence.

LEAGUE AVERAGES A HALF MILLION A YEAR

Spends This Sum in Agitating for Prohibition, Wheeler Tells Primary Investigators

EXPENSE ITEMS GIVEN

Washington, June 23—(U.P.)—The National Anti-saloon League spends between $350,000 and $600,000 a year—an average of about half a million dollars—to agitate for prohibition, Wayne B. Wheeler, executive agent of the anti-saloon league, told the senate primary investigating committee today.

The funds are obtained by private subscription through the various state organizations of the league, Wheeler revealed.

The amounts do not include expenditures and collections by the local state organizations.

Disbursements of the national organization—including salaries, traveling expenses, hired lecturers, office expenses, disseminators of information, etc.,—ran from $355,000 in 1920 to $367,000 in 1925, with a peak of $646,000 in 1921; $55,000 in 1922; $569,000 in 1923, and $144,000 in 1924.

EVANGELIST TELLS TALE OF BEING HELD CAPTIVE

Aimee Semple McPherson, Missing Since May 18, Kidnapped And Taken To Mexico

MISTREATED BY MEXICANS

Douglas, Ariz., June 23—(U.P.)—Missing since May 18, when she was reported drowned in the surf at Ocean Park, Cal., Aimee Semple McPherson, noted Los Angeles evangelist, was brought to the Calumet and Arizona hospital here today from Mexico, where, according to her own dramatic story, she had been held captive by American kidnappers.

Picked up exhausted by the roadside near Agua Prieta, Mexico, Mrs. McPherson arrived here in custody of Mexican policeman and, was placed in charge of hospital authorities.

The woman told a vivid story of kidnapping at the beach and subsequent slavery n the hands of Mexicans across the border.

"I was taken from the water on a pretext," she said. "A woman

NEEDS TO REALIZE CHRIST IS PRESENT

Youth Must be Brought To Realization of This Fact, Eucharistic Congress Speaker Says

CROWDS NOT SO DENSE

First Day Clergy Was Able to Carry Out Procession—Flag Raising Ceremony As Opening

Soldiers' Field Chicago, June 23—(U.P.)—Youth of America needs to be brought to a realization of Christ's presence in the Holy Eucharist as a solution of the "boy problem" of the country, Joseph Scott of San Francisco, told the third day's open air session of the Eucharistic Congress here today.

Scott, one of the outstanding laymen in the Catholic church, spoke before a crowd of 150,000 composed largely of high school academy and University students.

While all of the seating room in the stadium was taken when the ceremonies opened, none of the great throng which was standing in the aisles and filled the field between the outdoor cathedral and the altar, on the previous two days, was present.

The sun beat down hot, though there was a slight smoky haze on the sky. A slight breeze came off Lake Michigan.

Another colorful picture was presented in the stadium by the variety of costumes worn by the students in the choir.

The ceremonies opened with flag raising and singing of the Star Spangled Banner by the crowd. A band playing a sprightly march led the procession of clergy on the field.

This was the first day that the clergy had been able to carry out their procession completely as planned without interruption by the crowd. While the stands were filled, none was standing and the aisles were free for the procession.

Those in the stands took great delight in picking out their own particular pastors, bishop or archbishops, and in giving them a hand.

The solution of the "boy problem"—"the revolt of youth" is to bring back to their hearts the consciousness of the real presence—the belief of Catholics that Jesus Christ is actually present on the altars of their churches under the appearance of bread—Joseph Scott of San Francisco said in his address.

The devout belief in the Eucharist will bring a better understand-

LICENSE SUSPENDED 30 DAYS

Punishment For Rushville Automobile Co., For Making Speed Test

Indianpolis, Ind., June 23—(U.P.)—The automobile dealer's license held by the Rushville Automobile company today was suspended for 30 days by Frederick Schortemeier, secretary of state.

The suspension was ordered as punishment for breaking the state speed laws in a test run from Rushville to Washington, D. C.

Mervin Alexander, driver of the auto, admitted that the speed limit was broken on the first attempt to make the run but denied that he exceeded the speed law in continuing the trip.

State policeman Bridges and Shields appeared as witnesses against Alexander at a hearing before Schortemeier today.

During the thirty days suspension, Schortemeier explained, the company will have to use private automobile licenses.

DR. FRANK SMITH IS DEAD OF PARALYSIS

Oldest Practicing Dentist in Rushville Succumbs Following Stroke Suffered Sunday

LIVED HERE FOR 35 YEARS

Born and Reared at Greensburg and Educated at Danville Normal—Graduate of Dental College

Dr. Frank Smith, age sixty-four years and oldest practicing dentist in Rushville, died at his home, 212 West Third street, Tuesday evening of paralysis. Dr. Smith had not been in good health for several years, and last Sunday suffered a stroke of paralysis. Little or no hope was held out for his recovery after Sunday's attack.

Dr. Smith practiced dentistry here for thirty-five years and remained active in the practive until his death.

Funeral services will be held at the late residence Thursday afternoon at two o'clock, in charge of the Rev. H. W. Hargett, pastor of St. Paul's Methodist Episcopal church, and burial will take place in Greensburg.

Besides the widow, the deceased is survived by three daughters, Mrs. Ralph Miles of Miami, Florida, Miss Marjorie E. Smith, who teaches in the Connersville public schools and Miss Harriett B. Smith, who teaches at Sullivan, Ind.

Dr. Smith was born at Greensburg August 30, 1861, and was educated in the common and normal schools of Hope and Danville, Indiana. After retiring from college, he was a teacher for a number of years. He then graduated from the Indiana Dental College, and later took a post-graduate course in Prosthetic dentistry. Since that time he had practiced in this city for approximately 35 years, having opened his first dental office here.

Dr. Smith was married June 9, 1891, to Miss Maggie O'Connor of Bartholomew County, this state, and to this union three daughters, Lorene, Marjorie and Harriett were born, all of whom are living. Dr. Smith was a member of the Methodist Episcopal church, and Independent Order of Odd Fellows and the Macabees order. He also belonged to and at one time was an officer of the Indiana Dental Association.

THREE BANDITS ARE CAPTURED

Chicago, June 23—(U.P.)—Returning to their lair to divide the loot following a successful $1,600 stickup, three bandits were captured by a police squad searching their premises for traces of automobile thieves. There were five in the bandit gang but in the gun battle which followed two escaped. Steve O'Hagen, alleged gang leader, was one of three captured and in his pockets police found the stolen $1,600.

LETTER BOMBSHELL TO HIGHWAY CRITICS

Governor Jackson's Stand Takes Wind From Sails of Enemies of Highway Commission

PRAISES INDIANA'S LAW

Regarded as Placing Governor on Record as Opposed to Any Change in Present Statute

(Special to The Daily Republican)

Indianapolis, Ind., June 23—Hurling a bombshell into the ranks of the highway commission critics, Governor Ed Jackson in a letter of the Good Roads Board of the Hoosier State Automobile Association stated that "the taxpayers of the state are receiving a dollar's value for every dollar expended by the highway department."

Calling attention to the gratifying functioning of the department under what he terms "one of the best highway laws of any of the state of the Union," the Governor has taken the wind out of the sails of those who had hoped to effect changes in the personnel of the commission and its director.

To many of those present, at the meeting in which the Governor's letter was read, it seemed as though the Governor had gone on record as opposed to the Kissinger "Ripper" bill, of the last legislature. The attitude taken by the executive seemed to indicate that he would resent any effort to change the existing law when the law-making body convenes next January.

Representatives of many state wide organizations such as the Rotary, Kiwanis Clubs, the T. P. A., and the state Chamber of Commerce were present. The Indiana Farm Bureau, the Retail Hardward Mens' and the state Bankers' associations were represented.

Fostered by the Good Roads Board of the Hoosier State Automobile Association under the direction of M. E. Noblet, secretary, the meeting was held in the Palm room of the Claypool hotel. E. W. Steinhart of the automobile club presided and summarized the purpose of the meeting when he said:

"We believe the time is again at hand when all organizations interested in the good roads cause should again be definitely associated with a liberal and careful leadership if

CLUB REPRESENTED AT CHARTER PRESENTATION

Local Kiwanians, Sponsors of Greensburg Club, Attend Banquet Tuesday Evening

OAKLAND, CALIF. MAN TALKS

Between thirty-five and forty members of the Rushville Kiwanis club were presented at the charter presentation meeting of the Greensburg club Tuesday night and the Rev. Gibson Wilson extended greetings on behalf of Rushville Kiwanians, who sponsored the new club.

More than two hundred and fifty Kiwanians from a half dozen cities in this section of the state sat down to the banquet in Dalmbert's hall and the principal address was delivered by Franklin H. Kean of Oakland, Calif., representative of Kiwanis International, who is engaged in club extension work.

Visitors were welcomed by Mayor C. E. Northern. Hugh D. Wickens, who acted as toastmaster and Dan S. Perry carried greetings from the Greensburg Rotary club. The charter was presented by A. E. Kress of Terre Haute, district governor.

The city was decorated for the event and a brass band led the procession of Kiwanians from the Y. M. C. A., where the visitors registered, to Dalmbert's hall for the banquet and program.

Madison, Lawrenceburg, Franklin and Shelbyville clubs, in addition to Rushville, were represented by good sized delegations. The banquet was served by the War Mothers and American Legion auxiliary. Several vocal and instrumental musical numbers were on the program.

Effective immdiately, all models of Ford Cars, including the Commercial Chassis, will be equipped with balloon tires and self starter as standard equipment.

These reductions are all the more striking due to the fact that balloon tires and self starters have been added as standard equipment on all models.

All Ford Ton Trucks will be equipped with balloon tires in front and the present pneumatic tires on the rear. The self starter is optional equipment on the trucks.

As has been the custom in the past, the quality has not been lowered in order to reduce the price. The Ford Car and Truck still embodies the high quality of workmanship and material that has made Ford Leadership endure for twenty-two years.

HOG PRICES BREAK 25 CENTS WITH HEAVY RUN

Indianapolis, Ind., June 23—(U.P.)—Hog prices broke 25 cents in midweek trading on the local market today under the influence of a heavy run of 9,000 and lower prices on other markets. Bulk sold at $11.50 to $14.90.

The cattle market was steady. A heavy run of 1,500 was balanced by a broad demand. Steers sold at $8 to $10.25 and cows and heifers brought $6 to 10.

A strong tone was in evidence in the sheep and lambs market, where a run of 600 was received. Sheep were quoted at $7 down and lambs at $10 to $15.

A 50 cent drop marked trading in calves. Best vealers brought $12 and culls sold at $11.50 to $12.

NEEDS TO REALIZE CHRIST IS PRESENT

Continued from Page One

ing to both fathers and sons, Scott said.

"The world tired and weary with wars and rumors of wars is seeking in vain for a solution of the difficulties that confront national life. In vain men cry 'peace', but there is no lasting peace, except in peace of Christ in the adorable sacrament, 'a peace that passeth understanding.'" he said.

He declared there was a need for concentration upon spiritual life.

"We are living in an epoch of the world when the love of pleasure and ease and luxury dominates the soul of man, particularly in these United States of America. It is not merely a mania among the youth but has infested the older folk. We shrink from pain and suffering with all the cowardice of the flesh but we likewise are prone to be spiritually atropheid, to grow soft and *frail and to avoid* the stern responsibilities that go with sacrifice and service," he said. As relief from this Scott said, "we must grip to our hearts the sentiment of our Savior, 'he that would come after me let him deny himself and take up his cross and follow me.'"

Cardinal Dennis Dougherty of Philadelphia presided at today's session. He delivered an address on the mystery of the Eucharistic.

"*The greatest of mysteries* is the Eucharistic," he declared. "The blessed Eucharist is the continuing chain of God's love left with mankind to help us attain the happiness of heaven."

The celebrant of the mass was Bishop E. P. Hougan of Chicago. The assistant priest of the mass was Rev. Francis Gordon of Wisconsin; the deacon, Rev. W. H. Agnew, S. J. president of Loyola University; sub-deacon, Rev. Thomas Levon, president of De Paul university.

In concluding Scott expressed the hope that Pope Pius XI would not long remain a prisoner in the vatican. This brought a tremendous roar of approval from the audience. The choir sang the mass of St. Francis, written by Otto Singerberger, the director, especially for the occasion.

BIBLE THOUGHT —FOR TODAY—

Bible Thoughts memorized, will prove a priceless heritage in after years

Conviction and Courage: "Behold, the Lord thy God hath set the land before thee: go up and possess it. * * fear not, neither be discouraged." Deut. 1:21.

Prayer: May we Lord, ever be of good courage, because Thou dost strengthen our heart

What Makes A Community

It takes so much cement, so many bricks, so much lumber and other materials and the concentrated effort of so much labor to construct a building that will stand through the years. While those are not the same materials of which great communities are built—the concentration of elements and effort is the same.

Four essential materials enter into the making of a greater, more prosperous and progressive community. What those four are we don't propose to tell you here because well, we couldn't name and explain them for you half so well as our business and professional interests have enumerated them in the sixth of their educational broadsides to be found on page 8 of this issue.

This, we do know, however, that the interests sponsoring this campaign are out to make you and your neighbor more contented as Rush county residents. They want you to know that they take more than a business interest in you and our great town and that they're unceasingly working and determined to make you feel proud you're one of us.

Turn now to page 8. Read their message. And, co-operate with Rushville merchants by doing what they urge. You'll be paid back tenfold in contentment, prosperity and happiness.

Crazy With The Heat

When a bather seeks the cooling waters of the river or lake and is drowned it's the heat. When a motorist drives at terrific speed to "cool off" and is perhaps fatally injured, the heat is blamed. Someone suffers from acute indigestion due to eating food that should not be eaten in hot weather—heat again.

Thus the heat becomes the common scapegoat in the summertime. When it is hot, the natural thing is to make the heat responsible for the weaknesses of humanity. "Crazy with the heat" is an old slang phrase that aptly expresses the customary view of everyone when the thermometer mounts.

People who follow customs of living that have been found to be proper for hot weather, never complain about the heat. Those who do not over-eat, and eat only that which should be eaten at this season, and who wear the proper kind of clothing, never have occasion to fuss about the heat.

Heat does bring an abundance of discomfort and it is well to be prepared for any serious consequences of the heat, but there is no real reason for being alarmed when the mercury gets above ninety. The temperature goes far above that mark in the tropics and people continue to inhabit that portion of the earth in comfort.

Someone has said that heat is a state of mind and it is possible that with the vast majority of the people, the disagreeable nature which they reveal is due to an imaginary rather than a real condition.

Newspaper Progress

A copy of the "Progress Edition" of the Fort Wayne News-Sentinel, consisting of 222 pages and celebrating the completion of the News-Sentinel's new building, is at hand. It is in truth a Progress edition, revealing the marvelous development that has taken place in the newspaper and printing business.

Compared with the old Washington hand press that printed 300 papers an hour when operated by an experienced man, the News-Sentinel has a Goss double sextuple press that will print 1,728,000 pages in an hour, cut, fold and count them ready for distribution.

The News-Sentinel is "at home" this week in a building that is a model of its kind. It is a type of architecture that gives no hint of the hive of industry inside. There is little about it to suggest business.

The News-Sentinel well reflects the spirit of the thriving city of northern Indiana and is an institution of which the city may honestly boast.

Stewart's WASHINGTON LETTER

BY CHARLES P. STEWART

NEA Service Writer

WASHINGTON—No funeral ever was more depressing than the session of the United States senate immediately following receipt of the news that Senator Albert B. Cummins had been beaten for renomination by Smith W. Brookhart, out in Iowa.

Not that there wasn't a lot of secret rejoicing over the Coolidge administration's bereavement, but everybody was so sorry, personally, for Senator Cummins.

The latter accepted his political demise gamely, but all his fellow senators knew how it must have hurt him. After 18 years as one of the biggest men in the upper house of Congress, to be shoveled under so unceremoniously!

* * *

CUMMINS always has been very popular in the Senate, as it proved by picking him for its presiding officer during President Coolidge's fractional first term in the White House, when there was no regularly elected vice president.

He's a kindly, considerate man and as scrupulously fair and polite toward the opposition as with those of his own party.

From both sides of the Senate chamber he was showered with words of sympathy. Members of the progressive bloc were especially warm in expressions of their personal regret at his defeat, though for them, of course, Brookhart's success was a victory.

Sesqui-Centennial This Year

When the Centennial Exhibition was held in Philadelphia in 1876, Lydia E. Pinkham, a woman in Lynn, Mass., was just beginning to market her root and herb medicine. Her first large order was for eighteen dollars worth.

Philadelphia is now celebrating the 150th anniversary of the signing of the Declaration of Independence. In Lynn the Lydia E. Pinkham Medicine Company occupy six buildings in the manufacture of their root and herb medicine.

Nearly 5,000,000 bottles of Lydia E. Pinkham's Vegetable Compound were sold last year.

FIFTEEN YEARS AGO TODAY

From Daily Republican
Friday, June 23, 1911

There have been many questions concerning the number of converts which have joined the churches of Rushville since the tabernacle meeting began two weeks ago last Wednesday. One of the ministers of the city has consulted all of the other ministers to learn how many cards have been signed and find that there is a total of one hundred and sixty-one up to the present date.

The election of officers took place about three o'clock this afternoon, near the close of the business session of the Tri Kappa convention which will end tonight. At the election it was expected that a member of th Phi chapter of this city would be selected. Miss Jeanne Bishop was mentioned as the probable choice of the convention for the grand vice-presidency.

Mrs. Jabez Winship and sister, Mrs. Will Meredith, spent the day in Indianapolis and will attend the commencement of the Metropolitan school of Music tonight.

Mrs. Sam McBride and daughter Zella and Fern of Mays visited her mother, Mrs. Sam Young today.

Mrs. Frazier Johnson and Mrs. Lee Thomas visited in Indianapolis today.

Miss Myra L. Beale and Irwin C. Kinnear were quietly married at the First Presbyterian church parsonage by the Rev. John B. Meacham last evening at 8:30 o'clock.

Miss Fanny Pierce of North Carolina, is visiting her sister, Mrs. O. S. Hill in Carthage.

Earl Riffey, the barber, at Falmouth is out at his father-in-laws' trying his strength in the harvest field. (Plum Creek)

Mrs. Esther Lineback of Charlottesville went home Sunday after a two week's visit with her parents, Mr. and Mrs. Lindsey Winters. They gathered ten bushels of cherries from seven trees while she was there. (Sumner)

Miss Ramona Norris, Ethel Publow, Grace Winslow and Lindley Clark returned from Earlham Thursday. Miss Edna Hall of Elizabethtown will be the guest of Miss Ramona Norris for a few days. (Carthage)

FALMOUTH

Willis Clark, son of Mrs. Millard Bunyard of Falmouth, was seriously injured Monday evening when the Ford Touring automobile, in which he was riding, turned over in a ditch, south of Falmouth, on the Glenwood pike.

Mr. and Mrs. Guy Willey of Falmouth delightfully entertained to a bountiful dinner Friday, the following guests, the Rev. and Mrs. W. H. Law and family, the Rev. Mr. Gwinn, Mr. and Mrs. Robert Longfellow and Rennie Hittle.

Mr. and Mrs. Scott Akers and family and Mr. and Mrs. Emerson Bilby of Muncie, Ind., motored to Connersville Sunday.

Mr. and Mrs. Charles Medd and sons Robert and Lowell and daughter Lois of Orange attended services at the Christian church of Fairview Sunday.

Mr. and Mrs. Robert Cook and sons entertained with a lovely dinner Sunday to the following guests, Miss Mae Sullivan of Rushville and Mrs. Marie Cook and son Edward of Mays. Ice cream, strawberries and cake were served in the afternoon.

Mr. and Mrs. Richard Gray, Mr. and Mrs. John Dawson and family and Mr. and Mrs. Burt May and family of Orange attended services at the Christian church at Fairview Sunday.

Mr. and Mrs. Ray Lawson of Indianapolis visited relatives and friends here Sunday.

Mr. and Mrs. A. E. Rich of Falmouth spent Sunday with their daughter, Mr. and Mrs. Herschel Barnes and daughter Talma.

Mrs. Elmer Rider of Raleigh and Miss Ethel Davis of Alquina spent Sunday as the guest of Clifford Johnson and sister Gladys.

Mr. and Mrs. Herman Moore and family of Falmouth spent Sunday with their parents, Mr. and Mrs. Mart Wright of Glenwood.

Mr. and Mrs. Emerson Bilby of Muncie are spending a few days as the guests of Mr. and Mrs. Scott Akers and family.

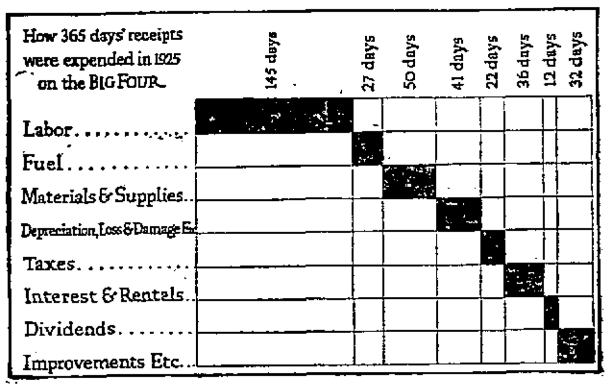
Where the Money Goes



The revenues earned by the Big Four do not stay long in the treasury. They must be used each day to pay for services and materials needed to operate and maintain the property.

All of our receipts for 145 days last year were used to meet our payrolls. Locomotive fuel took 27 days' receipts. Materials and supplies absorbed 50 days. To provide for depreciation, loss and damage and minor items we used 41 days' earnings.

For 22 days of the year we were accumulating enough to pay taxes. Interest and rentals took another 36 days.

During 12 days the income was used to pay dividends. The earnings of the rest of the year, 32 days, were devoted to expenditures for improvements and the building up of necessary reserves.

The dollars paid the Big Four buy good railroad service; and these same dollars spent by the Big Four buy the things that help to make good railroad service.

CARDINALS NEW SERIOUS THREAT

Acquisition of Grover Cleveland Alexander Improves Pennant Chances of St. Louis

GOES VIA WAIVER ROUTE

Famous Cub Pitcher Could Have Been Sold For $100,000 Just Four Years Ago

By BERT M. DEMBY

Chicago, June 23—The St. Louis Cardinals today became a more serious threat in the national league baseball race through the acquisition of Grover Cleveland Alexander, veteran pitcher of the senior league.

Alexander goes to the Cardinals from the Chicago Cubs via the waiver route at a price of $4,000. Just four years ago the Cubs refused an offer of $100,000 for the great pitcher.

Now resting in third place and only two and one-half games from the top rung of the ladder, the Cardinals are looked upon as likely contenders for the pennant. Cardinals sympathizers believe the veteran Alexander will be able to turn in eight or ten victories between now and the end of the season, which might decide the national league championship.

But of even greater value to the Cardinals will be Alexander's wisdom in the ways of big league pitching. The St Louis club has a group of young pitchers who may be directed along the path of greatness by the instruction Alexander will give them. When his close personal friend, Bill Killefer, was manager of the Cubs, Alexander devoted much of his time to the training of the younger members of the Cubs pitching staff and gave Killefer almost invaluable assistance.

In going to St. Louis, Alexander once more will join his old battery mate, Bill Killefer, who is assistant to Rogers Hornsby as manager of the Cardinals. This pair—Alexander and Killefer—should be of great assistance to Hornsby in leading the Cardinals toward a pennant.

Alexander leaves Chicago Cubs a fallen idol. Just a few weeks ago he was presented with an auto by admiring fans. His presence on the field has always brought cheers from the stands and bleachers. But he had difficulties with the new management of the club and a week ago was suspended indefinitely for breaking training rules. His release at that time was predicted but came earlier than expected.

Watching the Scoreboard

Yesterday's hero—Jakie May, Cincinnati, who fanned two batters and caused another to ground out after the Cubs had filled the bases in the eighth. The Reds won 3 to 2.

The Tigers defeated the Browns 9 to 4 for their fourth straight victory.

A six run rally in the ninth gave the Senators the first game of a double header with the Yankees 8-7, but the hugmen got revenge in the second, winning 9 to 1.

Glenn Wright got away for two homers in the Pirates victory over St. Louis, 3 to 1.

The Robins took an early lead and Grimes held Boston safe, Brooklyn winning 4-2.

Chicago shot into a triple tie for second place with Cleveland and Philadelphia, by defeating the Indians in the tenth 4-3. It was Lyons' twelfth victory of the season.

The Phillies made a dozen hits off two Giants pitchers and wone easily 6-2.

Uptown Shop Holds Opening

The Uptown Shop, soda fountain and drug sundries store opened by Hargrove and Brown in their new building at Seventh and Main Streets, held a formal opening Tuesday and received the congratulations of hundreds of patrons and friends.

Coupons clipped from the Daily Republican entitled the little folks with ice cream cones and carnations were given as favors to the ladies.

There was almost a constant stream of people going to and from the ne westablishment Tuesday evening. Flowers were received by the proprietors from the Keifer-Stewart Drug Co., of Indianapolis, the Pansy Greenhouse and Dr. John M. Lee of this city.

"I had just been in the water and was a bit chilly. A wrap was placed around by shoulders and I was hurried to a waiting automobile. The last I remembered for many hours was being dumped rudely into the car and dope placed over by mouth and nostrils."

The woman was quoted as saying she had been carried across the American line at Mexia.

Traveling through lower California and into Sonora, she said, she escaped from her captors, a man named "Steve" and a woman named "Rose," she declared.

She made her way painfully on foot over the burning sonora and dunes to Agua Prieta, just across the line from here. There she told her story and was brought here this morning by Amricans.

MOVIE NOTES

"Infatuation"—Princess

Neglected love is the theme of Griffith's latest First National release "Infatuation," now showing at the Princess Theatre.

The picture is based on W. Somerset Maugham's "Caesar's Wife", which achieved notable success on the stage.

The story is dually allocated in London and Egypt. It concerns the flirtation of the wife of an English ambassador to Cairo and her eventual return to the husband whom she thought had neglected her.

As Lady Little, Corinne Griffith is said to give an almost impeccable delineation. Her ability to portray the aristocratic type is well known.

Percy Marmont, who was co-featured with the star in "The Climbers" of some seasons past, plays opposite Miss Griffith in this picture. Others in the supporting cast are Percy Marmont, Malcolm MacGregor, Warner Oland, Claire DuBrey, Leota Lorraine, Martha Mattox and Clarissa Selwynne.

"The Woman Hater"—Castle

The splendid performance that Helene Chadwick gave last night in "The Woman Hater," the newest Warner photoplay that opened yesterday at the Castle theatre, proves her once more an actress of great personal charm and histrionic talent.

She enacts a difficult role with all the dramatic fervor of a Bernhardt and creates an alluring Parisian actress who is utterly fascinating. Having set Paris agog with her daring she returns to America as the fiance of a nice boy, who runs into considerable trouble when he tells his aristocratic old mother that he is engaged to an actress. Determined to save her son from such a disgrace, his mother enlists the aid of Miles Faversham, a confirmed "woman hater", who promises to do what he can, but when the time for action comes he is shocked to discover that the notorious actress is the girl enshrined in his heart— the girl who jilted him many years ago. That situation beggars description and must needs be seen to appreciated.

Miss Chadwick is ably supported by the celebrated English actor, Clive Brook, whose work in the past year has given him a high place in the roster of filmdom's leading men. John Harron, Helen Dunbar and Dale Fuller enact their parts with commendable ability.

The direction is excellent and is particularly noticeable in some of the most dramatic moments of the picture, where the suspense and emotional quality is greatly enhanced by the subtle touch of Jams Flood, the director who wielded the megaphone for "The Woman Hater" which was produced by Warner Bros

SEEK INJUNCTION TO STOP BUILDING

Continued from Page One

small buildings began four years ago. Previous to this attempt, school patrons have endeavored to get a centralized building, but have always failed, largely due to the fact that an agreement could not be reached in regard to a location.

The complaint for an injunction sets out that the township has three school buildings of good and substantial construction known as Freeman's, Neff's Corner and Richland schools. They are so located, the complaining taxpayers allege, with respect to the boundaries of the township, as ~~to~~ be of the most convenience to the scholars, school patrons and residents, and are also located so that the school system may be most economically managed and conducted. The building in all ways are sufficient for school purposes, the plaintiffs assert.

The complaint sets forth that the trustee has never presented to the county superintendent of schools a petition setting forth the place where it is desired to locate the school. Neither has any petition been presented to the county superintendent, the complaitn asserts, to remove present buildings or sites, such petition, as required by law to contan a brief statement of the purpose and reasons for such a change.

The majority of the legal voters of the township have never petitioned the trustee for abandonment of the buildings now in use, the plaintiffs declare. They also aver that the trustee has never complied in any manner with any state laws relating to the relocation and change of sites.

It is also charged that no legal notice has been given by the trustee and advisory board of their purpose to issue $47,000 in bonds to erect the new building.

The plaintiffs say they understand that the trustee and advisory board are about to enter into a contract to build a building and acquire a site, and that if such is done, the township's indebtedness will be more than two percent of the assessed value of the property.

The complaining taxpayers therefore ask that the trustee and advisory board be enjoined from issuing bonds to acquire a site and building a school building, from entering into a contract to erect the building and from abandoning or changing the location and sites of the present buildings.

"Grade-Marks on Lumber are the Customer's Guaranty"

from a bulletin of the United States Department of Commerce

Heretofore lumber has been sold without identification marks as to grade. This sometimes led to misunderstanding on the part of the public. Buyers may have thought they were not getting the grade of lumber asked for.

To correct this situation, a group of manufacturers comprising the Southern Pine Association, in accordance with recommendations of Herbert Hoover, Secretary of Commerce, are marking the grade on the lumber shipped from their mills. In addition to the grade, the mark shows the number of the mill which produced the lumber, and the S. P. A. label, which indicates the lumber was manufactured in accordance with the American Lumber Standards, and that it was graded by experts whose efficiency is subject to frequent test and examination by official inspectors of the Southern Pine Association.

As retail lumbermen, we welcome this Southern Pine Association movement. It means protection to our customers and therefore to ourselves.

A Happy Woman

A MAN dreams of wealth, success and power.

A woman dreams of a home of her own and babies to love.

Happy is the young woman whose dream is fulfilled. With good health, housework is not a burden. Her home echoes to the prattle of healthy children. She must not fail those tiny hands. Her husband is still her comrade and confidant, sharing her new responsibilities. She is content.

Happy, too, is the older woman who holds her children's children in her arms and lives to see a new generation dreaming dreams of its own.

A young girl in Iowa was in such a weakened condition that she had to leave school. One day, after being in poor health for about two years, she picked up an advertising booklet and read about Lydia E. Pinkham's Vegetable Compound.

"I began to take your medicine," she writes. "Now I am a housekeeper with six children and I have taken it before each was born. I cannot tell you all the good I have received from it. I read all of your little books I can get and I tell everyone I know what the Vegetable Compound does for me."

LETTER BOMBSHELL TO ROAD CRITICS

Continued from Page One

Indiana is to have, in the future, a satisfactory, non-partisan, workable state highway commission law and a sound and aggressive road policy."

It was agreed that all organizations interested would retain their individual identity but that for purposes of unity a representative from each association would form the Good Roads Board with the H. S. A. A. shouldering the work and the expense.

Previous arrangements which could not be altered prevented the presence of the entire highway commission. A. V. Burch, vice chairman of the commission, spoke briefly setting out the salient features of the past activities of the road building body and told of the plans for the immediate future as well as outlining the plans now being considered for the next biennial period.

The governor's letter read to the assemblage when it was learned that he could not be present, follows:

"On account of my inability to be there it might be well for me to state that I am of the opinion that our highway law is one of the very best of any of the States of the Union. The functioning of the department under this law is at this time very fratifying. We have the largest program of highway construction and maintenance this year that we have had in any year during the existence of the highway department. We are making all of our plans to carry out a program of increased mileage for next year and the year following.

"I am confident that the taxpayers of the state are receiving a dollar's value for every dollar expended by the highway department, and we have just reason to be proud of the accomplishment of the department. The department as now constituted is functioning harmoniously and efficiently in every respect."

In the open discussion which followed a short talk by J. G. Daly, editor of the Anderson Herald, appreciation of the Governor's letter was voiced and the hope expressed that harmony might reign.

Resolutions commending the law and its operation were passed together with a pledge that the good roads board would make every effort to see that no legislation is passed at the next session of the legislature inimical to the best interests of the motoring public.

Over 3,000 cities and towns have streets paved with portland cement concrete

Horse-and-Buggy Pavements Won't Do

Property owners in many towns and cities whose streets swarm with motor traffic are still wasting their money on horse-and-buggy "pavements" of bygone days.

These rough, bumpy streets are directly responsible for broken springs, cut tires, greater depreciation of cars, physical discomfort, loss of time, and many accidents involving loss of life or limb.

And the heavy expense of trying to keep worn-out, dangerous, horse-and-buggy streets in repair, added to their original cost, amounts to more than enough to pay for true, even, non-skid concrete pavement that has the maintenance built in.

So in the long run you are paying for concrete streets. Why not get them?

All of the facts are in our free booklet on "Concrete Streets." Ask for your copy

IF YOU WORE A WHITE SUIT — YOU'D HAVE IT CLEANED MORE OFTEN

If you wore a white suit instead of the darker patterns, such as most of the suits are—you would have to have it cleaned much more often than you do now. In fact, about three or four times or more to every one time now. But imagine a minute — the dirt, germs and all are there just the same whether you discern them with the eye or not. Have your clothing cleaned and freshened today.

DON'T SPOIL YOUR TRIP

with a balky, sputtering motor that you have trouble with constantly. The whole success of that vacation trip hangs with your auto. If it works smoothly and it is is a pleasure to drive it, then the trip can't help from being a real vacation for you. The same holds true for the shorter fishing and picnic trips. Bring your car in and let us condition it before starting.

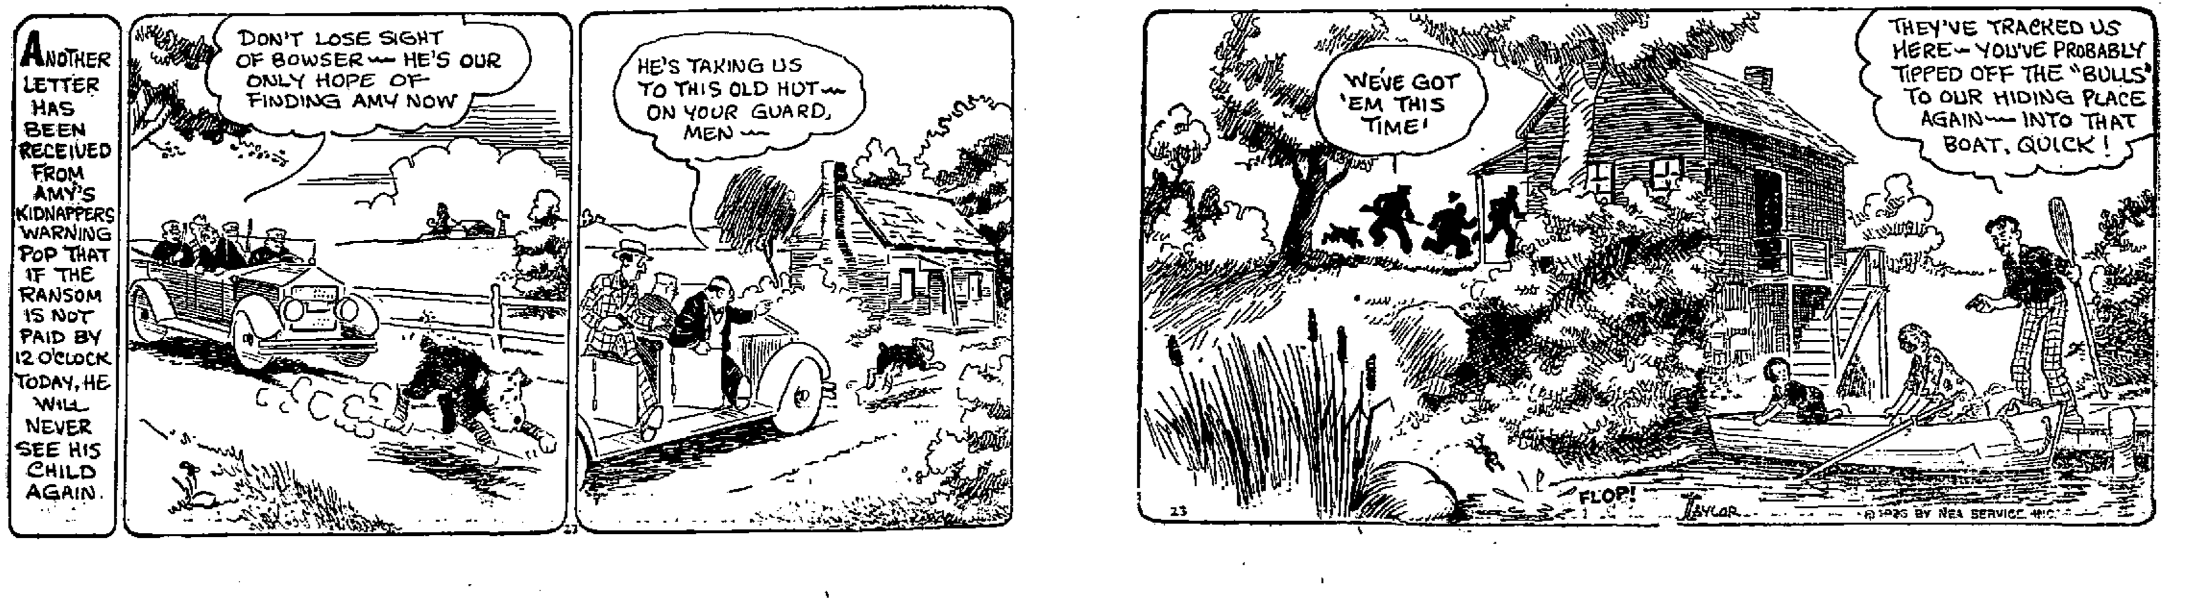
MOM'N POP — Outwitted — By Taylor



ANOTHER LETTER HAS BEEN RECEIVED FROM AMY'S KIDNAPPERS WARNING POP THAT IF THE RANSOM IS NOT PAID BY 12 O'CLOCK TODAY, HE WILL NEVER SEE HIS CHILD AGAIN.
DON'T LOSE SIGHT OF BOWSER — HE'S OUR ONLY HOPE OF FINDING AMY NOW
HE'S TAKING US TO THIS OLD HUT — ON YOUR GUARD, MEN —
WE'VE GOT 'EM THIS TIME!
THEY'VE TRACKED US HERE — YOU'VE PROBABLY TIPPED OFF THE "BULLS" TO OUR HIDING PLACE AGAIN — INTO THAT BOAT, QUICK!
FLOP!

Not All Building is Done With Stone and Lumber

GOOD WILL toward your neighbor,
LOYALTY to your home and country,
WHOLE-HEARTED CO-OPERATION with those who help you, and
DETERMINATION to attain greater comforts and education

Those are the materials of which GREAT COMMUNITIES ARE BUILT

Of these--"Good Will toward your neighbor" has a significant meaning. It means not only having a kind word and a smile for him at all times, but it means — ACTUALLY HELPING HIM. He'll do the same for you, thus creating the Spirit so absolutely essential to a Progressive Community.

Yes, there is another interpretation for that clause. It lies in cultivating that form of neighborliness that comes with — PATRONIZING YOUR HOME MERCHANTS. In doing so, you help them to become stronger and, therefore, better able to serve you more Economically and Efficiently. AND DON'T FORGET TO KEEP BOOSTING.
